Infrastructure Update: Monitoring of affected reservoirs and towers

Johannesburg Water wishes to inform residents that the Linksfield Reservoir has fully recovered and back to normal operation. We have seen improvements at The Alexander Park Reservoir and we envisage full restoration by late afternoon. Restoration for the South Hills Tower is still estimated to be late afternoon of 14 March 2022.

Alexander Park reservoir zone:

Kensington, Ben rose, Heriotdale, Denver, De Wetshof, The Gardens, Malvern, Cleveland, Elcedes, Wychwood

South Hills Tower zone:

Risana, Linmeyer, South Hills, Tulisa Park, Steeledale, The Hill, Oakdene, Rosettenville and Klipriviersberg estate.

Alternative water supply through mobile tankers will be focused on key sites.

Johannesburg Water urges customers to reduce consumption for critical needs during this period as the systems recover.

Enquiries:

Puleng Mopeli – 071 608 6396
