JW Update: 24 April 2022

City urges residents to reduce water consumption as power trip reoccurs at Rand Water's Vereeniging works

Eikenhof pump station was affected by the power trip, which occurred late yesterday afternoon at Rand Water's Vereeniging purification works. As a result previous gains made on improved levels at Johannesburg Water's systems were lost.

The impact thereof has been reduced supply to the following systems at Johannesburg Water:

- * Commando system (Crosby, Brixton and Hursthill Reservoirs)
- * Eagle Nest reservoir

These systems are severely constrained at this time. We request the assistance of customers to reduce consumption for essential purposes. Johannesburg Water continues to monitor the infrastructure impacted and will provide updates on supply to customers.

Customers in higher lying areas continue to experience low pressure/ no water during this period.

Alternate water supply is being provided to affected areas, including:

Sophiatown
Westbury
Westdene
Coronationville

Eagle Nest reservoir zone includes parts of:

Southgate
Mondeor
Meredale
Naturena
Alan Manor
Comptonville
Eikenhof
Devland
Baragwanath ext 1
Elias Motsoaledi ext 1

Directors:

Ms Rachel Kalidass (Chairperson), Mr Ntshavheni Mukwevho (Managing Director and Executive Director), Mr Johan Koekemoer (Financial Director and Executive Director), Professor Clinton Aigbavboa, Mr Siphamandla Mnyani, Mr Petrus Matji, Mr Lebogang Ledwaba, Mr Thabo Sakasa, Mr Mavhungu Ramurunzi, Ms Lungile Zulu, Mr Philemon Mashoko

Crown Gardens Reservoir has made noticeable improvements and is back to normal capacity.

The City Power mains failure in the Aeroton area has resulted in a water outage in the Aeroton Tower zone. Johannesburg Water has a generator onsite to ensure pumps are operational however due to the generator failure, the Tower zone is currently impacted. Arrangements are being made for a replacement of the generator.

Aeroton Tower zone include parts of:

Aeroton
Ormonde
Baragwanath ext 1
Ormonde View

Leaks and bursts should be reported to reduce the risk of larger water outages.

Johannesburg Water apologises to customers for the inconvenience caused.
