Monitoring of JW Infrastructure impacted by Rand Water supply UPDATE

Rand Water's Lethabo raw water system, which feeds Vereeniging works and thereafter Eikenhof pump station has regained capacity. Rand Water's Meredale and Waterval reservoirs are in recovery, which affects the Commando system.

*Commando Meter (Hurst hill Reservoir, Crosby Reservoir and Brixton Tower and Reservoir)

Hursthill reservoir are at critically low levels, while Brixton and Crosby systems are stable. Customers in the higher lying areas, may experience no water/ inconsistent supply.

Customers should report leaks and bursts in the area which may impact on the recovery of the system.

Johannesburg Water apologises to customers for the inconvenience caused.
