UNPLANNED MAINTENANCE

REGION D

Protea Glen extension 12 to 40 mainenance update

The repair work has been completed; however, most parts of the affected areas still do not have water. Water tankers will be deployed to the affected areas.

REGION F

Hector Norris pump station

The Hector Norris pump station was affected by a City Power outage on Sunday, 21 January. Although power was restored, the pump station has been battling to pump water. Johannesburg Water is working tirelessly to ensure that water is restored to the affected areas.

At this stage, there is no estimated time of restoration. Pumping is running on a generator; however, some areas experience poor pressure to no water.
