Daily water supply system status updates: Friday, 03 February 2023 (Afternoon)

Water supply status update by exception (i.e., areas affected due to supply constraint and not service interruption from occasional pipe burst).

Unplanned Interruptions

1. Supply outage at Grand Central Tower

Customers in the Grand Central tower zone are impacted by the Eskom outage at the mini substation.

Upon the replacement of mini substation by Eskom, water supply to the tower will be restored.

Alternate water supply through mobile tankers is being arranged, with priority provided to critical customers such as clinics etc.

Further updates will be provided to customers.

UPDATE: Eskom will begin with the replacement of the mini substation later this afternoon. Once the replacement is completed, and power restored, pumping into the tower will commence.

Alternate water supply through mobile tankers is being arranged, with priority provided to critical customers such as clinics etc.

Impact: No Water

Reason: Tie-in of new infrastructure

Residents are again requested to observe Level-1 water restrictions implemented from 1 September to 31 March, which prohibit the use of hosepipes to water gardens, wash cars, clean driveways but use grey water instead, fill up swimming pools and water features between 6 am and 6 pm. This is to ensure that systems are kept stable throughout the coming months. We urge residents to report any form of vandalism and theft of water infrastructure to 0800 00 25 87.

Residents are encouraged to subscribe on our website, to our SMS notification service for alerts on planned or unplanned service interruptions.
