

### **Daily water supply system status updates: Friday, 28 July 2023 (Afternoon)**

Water supply status update by exception (i.e., areas affected due to supply constraint and not service interruption from occasional pipe burst).

#### **Unplanned interruptions**

##### **1. Orange Farm reservoir update**

Johannesburg Water is in the process of acquiring the required special fittings for the repairs. The Ennerdale Depot team is working to find alternative measures to resolve the issue on site. Orange Farm, including all the extensions, Drieziek, Lakeside, and Stretford, which are supplied by the Orange Farm reservoir, are still affected. Johannesburg Water is providing alternative water supply through water tankers. Each affected area has two roaming tankers to service the residents.

Further updates will be provided.

##### **2. Kaalfontein update**

Johannesburg Water teams collected water from the system on Friday morning (28 July) for further testing to ensure that it was not contaminated during the repairs. Once the test results are released and the water is deemed safe for consumption, supply will be opened again. The system continues to be flushed which means the water supply will be opened; however, residents are urged not to consume the water while we await the test results.

The entity continues to provide alternative water supply through roaming and stationary tankers:

1. Kaalfontein: stationary tanker at David Makhubo High School
2. Kaalfontein: Ext 4, behind the taxi rank
3. Kaalfontein: Yarona Shopping Centre next to Dr Monnakgotla medical practice
4. Allandale: Tigerfish Street, behind Yarona Shopping Centre
5. Allandale Tollgate
6. Allandale Halfbeak Street, opposite the tollgate
7. Kaalfontein: Ext 4 next to St John's Church
8. Kaalfontein: stationary tanker in Ext 7 PomPon Street, next to Sedi-Laka Primary School
9. Allandale: Rose Street
11. Allandale: Swordtail Street

#### **Planned interruptions**

- 1. Suburbs affected:** Witkoppen, Craigavon and parts of Kengies
