Johannesburg Water

UNPLANNED MAINTENANCES AND INTERRUPTIONS

REGION E

Burst pipe: Greenstone

There is a burst water pipe at corner Modderfontein and Van Riebiek Roads in Greenstone. The water has been isolated (closed) to conduct repairs.

Affected areas: will be Greenstone, Modderfontein, Lakeside, Thornhill, and parts of Edenvale.

The estimated time for completion is 24:00 tonight.

REGION G

Orange Farm Reservoir update

The technical team is on site busy with repairs. There is currently no estimated time for completion.

The following areas are affected:

1. Orange Farm Ext.1, Ext. 6A, Ext. 6B, and Ext. 7B.
2. Stretford Ext.3 and Ext.4
3. Lakeside Ext.4.

Johannesburg Water will continue to provide alternative water supply through water tankers. Further updates will be provided.

REGION E

Suburbs affected: Wynberg, Bramley North, 1st to 3rd Street, Alexandra

Streets: All streets

Date: 24 May 2024

Time: 10:00. There is no estimated time for completion.

Impact on customers: No water for the duration of the repairs

Reason for interruption: Repairs to a burst 375mm main water pipe

Alternative water supply: Roaming water tankers will be provided as and when needed

REGION C

Burst pipe: Randpark Ridge

Repairs to a burst pipe at corner John Vorster Road and Ferero Avenue in Randpark Ridge, and water has been isolated (closed).

Affected streets: John Vorster Road, Ferero Avenue, Tiptol Road, Dale Lace Avenue, and Kayburne Avenue.

A roaming water tanker will be sent to the Engen garage on Kayburne Avenue, Ferrero Avenue and Tiptol Road, as well as Ferrero Avenue and John Vorster Road.

There is no estimated time for completion.

REGION C	<p>Florida North Pump Station and Tower</p> <p>Pumping at the Florida North Pump Station and Tower has been affected by an area outage.</p> <p>This has affected the water supply in Florida, Florida North and Maraisburg.</p> <p>Pumping will resume once the power is back on, and it will take several hours for the network to fill up again and for normal water supply to return.</p>
REGION E	<p>Update: Bryanston Tower</p> <p>The tower supply has been restored, however the teams are currently bleeding the line and checking network valves to ensure supply to all areas are restored. There is no estimated time for completion.</p>
REGION E	<p>Illovo Pump Station and Tower</p> <p>The pumps have been switched off due to low reservoir levels.</p> <p>The areas within the tower supply zone are experiencing poor pressure to no water.</p> <p>Pumping will resume once the reservoir levels improve, and it will take several hours for the network to fill up again and for normal water supply to return.</p>
