

DAILY WATER SUPPLY SYSTEM STATUS UPDATES

Water supply status update by exception (i.e., areas affected due to supply constraint and not service interruption from occasional pipe burst). **Thursday, 20 June 2024 (Afternoon)**

REGIONS

UNPLANNED MAINTENANCES

REGION G

Suburbs affected: Lenasia and Lehae Ext 1

Reason for interruption: Repairs on a vandalised isolating valve on a bulk water pipeline

Following the closing of the Cosmos Reservoir to repair a vandalised isolating valve on the bulk pipeline, it was found that the valve needs replacement. Temporary measures have been put in place to enable supply of water while the relevant materials are being sourced for the valve replacement.

While these interim measures are in effect, some areas may experience lower water pressure.

Areas affected: Lenasia (all areas and extensions) as well as Lehae Ext 1. There is currently no estimated time for completion.

REGION B

Fairlands water supply

Johannesburg Water is aware of the water supply in Fairlands, where residents are experiencing poor pressure to no water. Johannesburg Water's technical teams are currently on the ground investigating the issue in the area. Further updates will be provided once they become available.

Experiencing poor pressure to no water.

PLANNED MAINTENANCES

REGION C

Suburbs affected: Georgia

Streets affected: Hamburg Street, Lyon Street, Ibsen Street, Roworth Street, Hudson Street, Mersey Street, Ricton Street, Outcrop Street, Tornado Street, Uraan Street, Onslow Street, Kerkhof Street, Kent Street, Quentin Street, and Russel Street
