Johannesburg Water

Suburbs affected: Lenasia and Lehae Ext 1
Reason for interruption: Repairs on a vandalised isolating valve on a bulk water pipeline

Following the closing of the Cosmos Reservoir to repair a vandalised isolating valve on the bulk pipeline, it was found that the valve needs replacement. Temporary measures have been put in place to enable supply of water while the relevant materials are being sourced for the valve replacement.

While these interim measures are in effect, some areas may experience lower water pressure.

Areas affected: Lenasia (all areas and extensions) as well as Lehae Ext 1. There is currently no estimated time for completion.

PLANNED MAINTENANCES

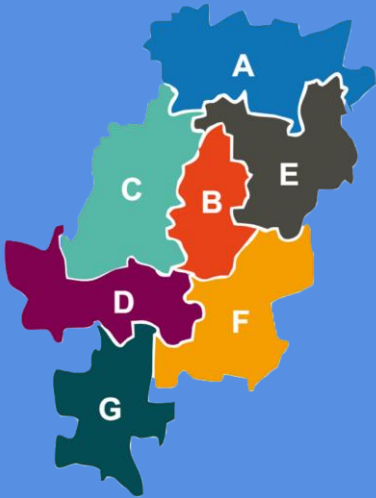

Suburbs affected: Georginia
Streets affected: Hamburg Street, Lyon Street, Ibsen Street, Roworth Street, Hudson Street, Mersey Street, Ricton Street, Outcrop Street, Tornado Street, Uraan Street, Onslow Street, Kerkhof Street, Kent Street, Quentin Street, and Russel Street
