

# DAILY WATER SUPPLY SYSTEM STATUS UPDATES

Water supply status update by exception (i.e., areas affected due to supply constraint and not service interruption from occasional pipe burst). **Thursday 12 December 2024 (Afternoon)**

## UNPLANNED MAINTENANCES

### Burst pipe: Honeydew

Water has been isolated (closed) to allow for repairs to a burst 350mm pipe.

A Johannesburg Water team is currently busy with excavations at the site, after which they will be able to make assessments on the kind of material and work needed.

Alternative water supply has been arranged for affected areas.

**Affected areas:** Honeydew (including all informal settlements) and Mogale City (including all informal settlements).

There is no estimated time for completion.

### Suburbs affected: Alexander Park Reservoir

**Streets affected:** All streets

**Start date and time:** 10 December 2024 at 10:00

**End date and time:** 12 December 2024 at 10:00

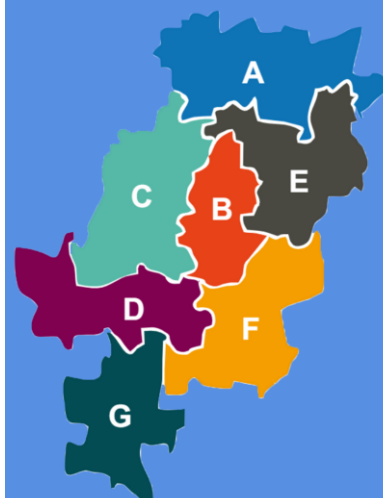

**Impact on customers:** Bypass to be utilised during the maintenance, providing limited water for duration of two days.

**Reason for interruption:** Drop Test (Leak Test)

**Alternative water supply:** To be provided if the maintenance exceeds 24 hours

**Benefit to customers:** Improved service delivery, reduction of water losses, and continuity of water supply
