DAILY WATER SUPPLY SYSTEM STATUS UPDATES

2 October 2026 (Morning)

a world class African city

Johannesburg Water

Unplanned Maintenance

Region A

UPDATE: The repairs have been delayed due to unforeseen technical challegnes. As a result, the team is still working on the emergency repairs.

Alternative water supply tankers will be deployed at strategic and essential locations where required.

Further updates will be provided.

Affected areas: Halfway House all extensions, Allandale all extensions, Juskei all extensions, and Waterfall

Streets affected: All
Start date and time: 1 October 2026 at 09:00
End date and time: 1 October 2026 at 21:00
Reason for interruption: Emergency repairs on the 600mm diameter supply line from the Grand Central Reservoir
Impact on customers: No water
Benefit to customers: Improved service delivery and continuity of water supply

Alternative water supply: The locations of water tankers will be shared only when the set/planned time on the maintenance notice is exceeded (24hrs), then the tankers can be deployed.

(NB: In the event of rainfall, the planned water supply closure and repair works will be suspended.)

DAILY WATER SUPPLY SYSTEM STATUS UPDATES

2 October 2026 (Morning)

Planned Maintenance

Region B

Affected areas: Melville, Emmarentia, Richmond, Greenside, Westdene, Westcliff, Auckland Park, and Parktown West

Streets affected: All
Start date and time: 1 December 2025 at 07:00
End date and time: 15 December 2026 at 17: 00

Reason for interruption: Structural repairs inside the leaking Hursthill 2 Reservoir.

Impact on customers: Customers will be supplied via bypass during this period

Benefit to customers: Improved service delivery, continuity of water supply, and reduction of water losses

Alternative water supply: Not applicable. The reservoir will be placed on bypass over the period.
